Prof. Hiro-oki Yabe

- mismatch negativity

Prof. Ryoji Kayamori

- Bell's palsy

Prof. Masahiro Sonoo

- SEP

This congress is endorsed by Asian-Oceanian Chapter of International Federation of Clinical Neurophysiology (IFCN).

~ Message from the President ~

Masahiro Sonoo M.D.

Professor and Chairman, Department of Neurology, Teikyo University School of Medicine, Tokyo, Japan

Dear Friends and Colleagues:

On behalf of the Local Organizing Committee, we are very honored to host the 48th Annual Meeting of Japanese Society of Clinical Neurophysiology (JSCN) in "Odaiba", Tokyo, Japan.

This is the first attempt to partly open our JSCN meeting to overseas participants. We will have English programs for the first two days, 8th and 9th November. World renowned guests, including Prof. Erik Stålberg, Prof. Shin J Oh, Prof. Jun Kimura, Prof. Toru Yamada, Prof. Lo Yew Long, and Prof. Kyung Seok Park will give us lectures and/or live-demonstrations, and Japanese experts will also give English presentations. We also accept English abstracts for poster presentations.

"Odaiba" is one of the hottest waterfront spots of Tokyo, a near-future town. Access from Haneda or Narita Airport is good. Tokyo City Center and Tokyo Disney Resort are also near by, and you can enjoy every entertainment of Tokyo Metropolis and also traditional Edo, the place of Shogun.

Website for overseas registration is open. Please feel free to contact us at the e-mail address on the top page.

We heartily welcome you to JSCN2018Odaiba!!
